Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Friday 12 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry with sunny spells, but turning wet through the weekend.

This Evening and Tonight:
A dry evening with plenty of clear spells. Strong, brisk winds strengthening overnight with a risk of coastal gales. Some high cloud cover increasing from the west, but an otherwise cold and frosty night. Minimum temperature -5 deg C (23 deg F).

Saturday:
Mostly fine and dry with some sunshine. Cloud gradually increasing from the west, with the odd afternoon snow flurry in westernmost parts. Cold and windy for all, with coastal gales. Maximum temperature 2 deg C (36 deg F).

Outlook for Sunday to Tuesday:
Cloudy and windy Sunday with some rain, snow, and the risk of freezing rain. Some sunshine, and further outbreaks of rain on Monday and Tuesday. Windy throughout, becoming less cold.
